PROFESSIONAL SUMMARY

BS Information Technology (Mobile and Web) student with a 4+ year professional support and operations background (2022–2026), now shipping full-stack mobile and web systems, from Expo + Supabase apps to Laravel operations dashboards. Builder track runs from a capstone research repository, to an end-to-end client booking system, to offline-first trackers. Every claim on this resume resolves to a repository, a WIP label, or an explicit concept tag.

SKILLS

Proficient: React, React Native, Expo, TypeScript, Tailwind CSS, Supabase, Git

Familiar: Flutter, Dart, Laravel, Inertia, PostgreSQL, Expo Router, expo-sqlite, REST APIs, Vercel, Neon

Foundations (school/exposure): Java, Python, Kotlin, PHP, Node.js/Express, MySQL, MongoDB, Firebase

Mobile Specifics: Expo Router apps, EAS builds, offline-first SQLite, Supabase backends

CERTIFICATIONS

- **IT Specialist – HTML and CSS** — Certiport, a Pearson VUE business
- **Introduction to Packet Tracer** — Cisco Networking Academy

PROJECTS

NUcleus Mobile — *Capstone Project* — *National University, Dasmariñas (Shipped)*

Stack: Expo, React Native, Supabase. Research repository for searching and browsing academic works and submitting them for review through a faculty approval hierarchy. Role-based access for students and faculty: sign-in, paper discovery, drafts, and faculty reviews. github.com/christianmeude/capstone-nucleus-rn

Inea Scents System — *Client Booking System (Shipped end to end)*

Stack: Landing, Flutter App, Laravel + Inertia Admin. Scent-bar bookings for events: brand/inquiry site, customer booking app, and admin for bookings, packages, and inquiries. Three repos.

BudgeTrax — *Personal Budget Tracker (WIP)*

Stack: Expo, React Native, expo-router. Pay-cutoff budgeting: cutoff allotments, bill payoff, to-spare balance, and a calendar view for due dates. github.com/christianmeude/BudgeTrax

Lalatracker — *Offline Delivery-Earnings Ledger (WIP)*

Stack: Expo, expo-router, expo-sqlite. Offline-first rebuild of a native delivery tracker: peso totals, date filters, recycle bin with restore, and wallet ledger, stored locally via expo-sqlite and verified on emulator.

WORK EXPERIENCE

iQor (Philippines), Inc. — Dasmariñas City, Philippines

Jan 2026 – Sep 2026

Customer Service Representative

- Support a finance account handling revolving collections for auto loan accounts, working within account management and collections software platforms.
